FOOTSTEP BANKER—We thought enough of this bull to use him some and he is a sure breeder. He was a member of our 1960 show herd. We sold a half-brother to Footstep Banker in the 1960 Denver sale and he was one of the top bulls. His dam has produced four bulls for us and they have been our best. Her calf this year is the best bull calf we have on the farm.

Top Wisconsin herds always play a major factor in this sale. This scene taken at The Hickories, Pardeeville, Wisconsin, shows a group of Louada Fearless replacement heifers.

The next five female lots in this catalog and the bull Bambi Count, Lot 11, are being sold to settle the estate of the late Carl Bowman. These are good producers, and would not be for sale if the herd were to continue. This has been a practical money-making herd and the cattle will be offered in breeding flesh.

The bull, Bambi Count, was purchased in the 1958 Tucker-Almy sale for \$600 at fourteen months of age. He is a son of Morphie Count by the famous Calrossie Crocus Count.
